Novacore Insurance Services, LLC (the "Plan")

Notices and Information Packet

This Notice and Information Packet contains relevant notices and information regarding the Plan. If you have any questions regarding these Notices or the information contained in this Packet, please contact the Company representatives, or the Plan Administrator.

Package Version: 6
Form Edition: 16

Dependent Coverage Notice

Individuals whose coverage ended, or who were denied coverage (or were not eligible for coverage), because the availability of dependent coverage of children ended before attainment of age 26 are eligible to enroll in the Plan. Individuals may request enrollment for such children for 30 days from the date of notice. This special Enrollment was effective for the first day of the Plan Year that began on or after September 23, 2010.

Genetics Information Notice

The Genetic Information Nondiscrimination Act of 2008 (GINA) prohibits employers and other entities covered by GINA Title II from requesting or requiring genetic information of an individual or family member of the individual, except as specifically allowed by this law. To comply with this law, we are asking that you not provide any genetic information when responding to this request for medical information.

"Genetic information," as defined by GINA, includes an individual's family medical history, the results of an individual's or family member's genetic tests, the fact that an individual or an individual's family member sought or received genetic services, and genetic information of a fetus carried by an individual or an individual's family member or an embryo lawfully held by an individual or family member receiving assistive reproductive services.

Grandfathered Status (As Applicable)

Certain plans are deemed to be a "grandfathered health plan" under the Patient Protection and Affordable Care Act (the Affordable Care Act). If so, the plan is permitted by the Affordable Care Act, to preserve certain basic health coverage that was already in effect when that law was enacted. If your plan is a grandfathered health plan, the Plan may not include certain consumer protections of the Affordable Care Act that apply to other plans. For example, the requirement for the provision of preventive health services without any cost sharing. However, grandfathered health plans must comply with certain other consumer protections in the Affordable Care Act, for example, the elimination of lifetime limits on benefits

The status of your plan is listed in the health care certificate of coverage which is incorporated as a Constituent Benefit Program, and listed in the Summary Plan Description and the Plan Document.

Questions regarding which protections apply and which protections do not apply to a grandfathered health plan and what might cause a plan to change from grandfathered health plan status can be directed to the Plan Administrator. You may also contact the Employee Benefits Security Administration, U.S. Department of Labor at 1-866-444-3272 or www.dol.gov/ebsa/healthreform. This website has a table summarizing which protections do and do not apply to grandfathered health plans.

Lifetime Limitations Notice

The lifetime limit on the dollar value of benefits under the Plan no longer applies. Individuals whose coverage ended by reason of reaching a lifetime limit under the plan are eligible to enroll in the plan. Individuals have 30 days from the date of this notice to request enrollment. For more information contact the Plan Administrator.

Mental Health/Substance Use Disorder Parity

Effective for Plan Years on and after July 1, 2010, benefits under Plans that provide Mental Health Benefits are subject to final regulations supporting the Mental Health Parity and Addiction Equity Act of 2008 (MHPAEA). Benefits for mental health conditions and substance use disorder conditions that are Covered Health Services under the Policy must be treated in the same manner and provided at the same level as Covered Health Services for the treatment of other Sickness or Injury. Benefits for Mental Health Services and Substance Use Disorder Services are not subject to any annual maximum benefit limit (including any day, visit or dollar limit).

MHPAEA requires that the financial requirements for coinsurance and copayments for mental health and substance use disorder conditions must be no more restrictive than those coinsurance and copayment requirements for substantially all medical/surgical benefits. MHPAEA requires specific testing to be applied to classifications of benefits to determine the impact of these financial requirements on mental health and substance use disorder benefits. Based upon the results of that testing, it is possible that coinsurance or copayments that apply to mental health conditions and substance use disorder conditions in your benefit plan may be reduced.

Michelle's Law Notice

A new law went into effect for medical plans beginning January 1, 2010 called Michelle's law. This law is a result of a medically necessary leave of absence from a post-secondary educational institution or other change in enrollment that: (1) begins while the child is suffering from a serious illness or injury; (2) is certified by a physician as being medically necessary; and (3) causes the child to lose student status for purposes of coverage under the plan.

If the dependent child's treating physician does not provide written documentation the child is suffering from a serious illness or injury and the leave of absence is medically necessary, the plan will not provide continued coverage. This notice may not be needed based upon other terms in the Plan regarding dependent coverage, but is provided as required by law.

Newborns' and New Mothers Care Disclosure

This Plan generally does not, consistent with applicable Federal law, restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section. However, consistent with that same Federal law, this Plan generally does not prohibit the mother's or newborn's attending provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable). In any case, this Plan does not, in accordance with Federal law, require that a provider obtain authorization from the plan or the insurance issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours).

Patient Protection Choice of Providers

In cases where the Plan allows or required a participant to designate a primary care provider, the participant has the right to designate any primary care provider who participates in the network and who is available to accept the participant or participant's family members. Until you make this designation, the Plan may designate a primary care provider automatically, but only if required under the terms of the applicable Constituent Benefit Program. For information on how to select a primary care provider, and for a list of the participating primary care providers, you can contact your Plan Administrator, or consult the applicable Constituent Benefit Program book. For children, you may designate a pediatrician as the primary care provider.

You do not need prior authorization from the Plan or from any other person (including a primary care provider) in order to obtain access to obstetrical or gynecological care from a health care professional in our network who specializes in obstetrics or gynecology. The health care professional, however, may be required to comply with certain procedures, including obtaining prior authorization for certain services, following a pre-approved treatment plan, or procedures for making referrals. For a list of participating health care professionals who specialize in obstetrics or gynecology, contact the Plan Administrator or the Constituent Benefit Program information.

Plan Special Enrollment Notice

If you are declining your enrollment under the Plan, or declining coverage for your spouse or one of your dependents, because of other health insurance or group health plan coverage, you may be able to enroll yourself and your dependents in the Plan if you or your dependents lose eligibility for that other coverage, or if the employer stops contributing toward such other coverage. However, you must request enrollment within 30 days after you or your dependents' other coverage ends, or after the period for which the employer ceased contributing toward such other coverage, if such payment applied to your circumstances.

In addition, if you have a new dependent, as a result of your marriage, birth, adoption, or placement for adoption, you may be able to enroll yourself and your dependents. However, you must request enrollment within 30 days after the marriage, birth, adoption, or placement for adoption.

To request special enrollment or obtain more information, please contact the Plan Administrator listed in the Summary Plan Description, or, contact the Human Resources department staff for further information.

Plan Wellness Program Reasonable Accomodation Disclosure (as applicable)

If the Plan offers any wellness program that requires an individual to satisfy a standard related to a health factor, if it is unreasonably difficult due to a medical condition for you to achieve the standards for the reward under this program, or if it is medically inadvisable for you to attempt to achieve the standards for the reward under this program, please contact the Plan Administrator listed in the Summary Plan Description, or, contact the Human Resources department or staff and we will work with you to develop another way to qualify for the reward.

Rescission

A rescission of your coverage means that the coverage may be legally voided all the way back to the day the Plan began to provide you with coverage, just as if you never had coverage under the Plan. Your coverage can only be rescinded if you (or a person seeking coverage on your behalf), performs an act, practice, or omission that constitutes fraud, or unless you (or a person seeking coverage on your behalf) makes an intentional misrepresentation of material fact, as prohibited by the terms of your Plan. You will be provided with thirty (30) calendar days' advance notice before your coverage is rescinded. You have the right to request an internal appeal of a rescission of your coverage. Once the internal appeal process is exhausted, you have the additional right to request an independent external review. See the Claims Procedure section under the Plan for more information.

Women's Health and Cancer Rights Act of 1998 (WHCRA) Annual and Regular Notice

As required by the Women's Health and Cancer Rights Act (WHCRA) of 1998, notwithstanding anything herein to the contrary, the Plan provides coverage for: 1) all stages of reconstruction of the breast on which the mastectomy has been performed; 2) surgery and reconstruction of the other breast to produce a symmetrical appearance; and 3) prostheses and physical complications of mastectomy, including lymphedemas, in a manner determined in consultation with the attending physician and the patient. Such coverage may be subject to annual deductibles and coinsurance provisions as may be deemed appropriate and are consistent with those established for other benefits under the plan or coverage. Written notice of the availability of such coverage shall be delivered to the participant upon enrollment and annually thereafter. Contact the Plan Administrator listed in the Summary Plan Description, or, contact the Human Resources department staff for further information.

The following Annual Notice is also provided: Do you know that your plan, as required by the Women's Health and Cancer Rights Act of 1998, provides benefits for mastectomy-related services including all stages of reconstruction and surgery to achieve symmetry between the breasts, prostheses, and complications resulting from a mastectomy, including lymphedema? Call your Plan Administrator for more information.

Premium Assistance Under Medicaid and the Children's Health Insurance Program (CHIP)

If you or your children are eligible for Medicaid or CHIP and you're eligible for health coverage from your employer, your state may have a premium assistance program that can help pay for coverage, using funds from their Medicaid or CHIP programs. If you or your children aren't eligible for Medicaid or CHIP, you won't be eligible for these premium assistance programs but you may be able to buy individual insurance coverage through the Health Insurance Marketplace. For more information, visit www.healthcare.gov.

If you or your dependents are already enrolled in Medicaid or CHIP and you live in a State listed below, contact your State Medicaid or CHIP office to find out if premium assistance is available.

If you or your dependents are NOT currently enrolled in Medicaid or CHIP, and you think you or any of your dependents might be eligible for either of these programs, contact your State Medicaid or CHIP office or dial **1-877-KIDS NOW** or **www.insurekidsnow.gov** to find out how to apply. If you qualify, ask your state if it has a program that might help you pay the premiums for an employer-sponsored plan.

If you or your dependents are eligible for premium assistance under Medicaid or CHIP, as well as eligible under your employer plan, your employer must allow you to enroll in your employer plan if you aren't already enrolled. This is called a "special enrollment" opportunity, and **you must request coverage within 60 days of being determined eligible for premium assistance**. If you have questions about enrolling in your employer plan, contact the Department of Labor at **www.askebsa.dol.gov** or call **1-866-444-EBSA (3272)**.

If you live in one of the following states, you may be eligible for assistance paying your employer health plan premiums. The following list of states is current as of August 15, 2023. Contact your State for more information on eligibility –

Health Insurance Marketplace Coverage: Options and Your Health Coverage

When key parts of the health care law take effect in 2014, there will be a new way to buy health insurance: the Health Insurance Marketplace. To assist you as you evaluate options for you and your family, this notice provides some basic information about the new Marketplace and employment-based health coverage offered by your employer.

What is the Health Insurance Marketplace?

The Marketplace is designed to help you find health insurance that meets your needs and fits your budget. The Marketplace offers "one-stop shopping" to find and compare private health insurance options. You may also be eligible for a new kind of tax credit that lowers your monthly premium right away. Marketplace open enrollment for health insurance coverage generally begins in October for coverage starting as early as the following January.

Can I Save Money on My Health Insurance Premiums in the Marketplace?

You may qualify to save money and lower your monthly premium, but only if your employer does not offer coverage, or offers coverage that doesn't meet certain standards. The savings on your premium that you're eligible for depends on your household income.

Does Employer Health Coverage Affect Eligibility for Premium Savings Through the Marketplace?

Yes. If you have an offer of health coverage from your employer that meets certain standards, you will not be eligible for a tax credit through the Marketplace and may wish to enroll in your employer's health plan. However, you may be eligible for a tax credit that lowers your monthly premium, or a reduction in certain cost-sharing if your employer does not offer coverage to you at all or does not offer coverage that meets certain standards. If the cost of a plan from your employer that would cover you (and not any other members of your family) is more than 9.5% of your household income for the year, or if the coverage your employer provides does not meet the "minimum value" standard set by the Affordable Care Act, you may be eligible for a tax credit. (An employer-sponsored health plan meets the "minimum value standard" if the plan's share of the total allowed benefit costs covered by the plan is no less than 60 percent of such costs.)

Note: If you purchase a health plan through the Marketplace instead of accepting health coverage offered by your employer, then you may lose the employer contribution (if any) to the employer-offered coverage. Also, this employer contribution—as well as your employee contribution to employer-offered coverage—is often excluded from income for Federal and State income tax purposes. Your payments for coverage through the Marketplace are made on an after-tax basis.

How Can I Get More Information?

For more information about your coverage offered by your employer, please check your summary plan description or contact Human Resources Staff.

The Marketplace can help you evaluate your coverage options, including your eligibility for coverage through the Marketplace and its cost. Please visit healthcare.gov for more information, including an online application for health insurance coverage and contact information for a Health Insurance Marketplace in your area.

Notice Regarding Wellness Program (if any)

If a Constituent Benefit Program listed is a voluntary wellness program available to all employees, it is intended to be administered according to federal rules permitting employer-sponsored wellness programs that seek to improve employee health or prevent disease, including the Americans with Disabilities Act of 1990, the Genetic Information Nondiscrimination Act of 2008, and the Health Insurance Portability and Accountability Act, as applicable, among others.

If you choose to participate in the wellness program, depending upon that program, it may include a voluntary health risk assessment that asks a series of questions about your health-related activities and behaviors and whether you have or had certain medical conditions (e.g., cancer, diabetes, or heart disease). You may also be asked to complete a biometric screening, which may include blood tests or other diagnostic tests. Please note that this is voluntary and you are not required to participate in these evaluations or examinations.

In certain wellness programs, employees who choose to participate in the wellness program will receive an incentive that is disclosed to you in the open enrollment information for the Constituent Benefit Program. Although you are not required to complete the assessments or participate in the biometric screening, only employees who do so will receive the incentive. Additional incentives up to the maximums permitted by law, may be available for employees who participate in certain health-related activities or those who achieve certain health outcomes. If so, these will be described in your program materials or otherwise communicated to you.

If you are unable to participate in any of the health-related activities or achieve any of the health outcomes required to earn an incentive, you may be entitled to a reasonable accommodation or an alternative standard. You may request a reasonable accommodation or an alternative standard by contacting the Plan Administrator listed in your Summary Plan Description. The information from any assessment and any results from your examinations or screenings will be used to provide you with information to help you understand your current health and potential risks, and may also be used to offer you services through the wellness program. You also are encouraged to share your results or concerns with your own doctor.

Consistent with the disclosures in this Notice regarding the protection of your health and personally identifiable health information, any information gathered in the Constituent Benefit Program that is a wellness program will be confidential. The wellness program may use aggregate information it collects to design a program based on identified health risks in the workplace, but it will never disclose any of your personal information either publicly or to the employer, except as necessary to respond to a request from you for a reasonable accommodation, or as expressly permitted by law. Medical information that personally identifies you that is provided in connection with the wellness program will not be provided to your supervisors or managers and may never be used to make decisions regarding your employment.

Also, your health information will not be sold, exchanged, transferred, or otherwise disclosed (except as permitted or required by law) to carry out specific activities related to the wellness program, and you will not be asked or required to waive the confidentiality of your health information as a condition of participating in the wellness program or receiving any incentive. Anyone who receives your information for purposes of providing you services as part of the wellness program will abide by the same confidentiality requirements. The only individual(s) who will receive your personally identifiable health information is a wellness program nurse, or physician or other health coach staff for purposes of the wellness program. You may inquire about who specifically has access to your information in this regard.

In addition, all medical information obtained through the wellness program will be maintained separate from your personnel records, information stored electronically will be encrypted, and no information you provide as part of the wellness program will be used in making any employment decision. Precautions deemed appropriate will be taken to avoid any data breach, and in the event a data breach occurs involving information you provide in connection with the wellness program, we will notify you immediately. Finally, you may not be discriminated against in employment because of the medical information you provide as part of participating in the wellness program, nor may you be subjected to retaliation if you choose not to participate. Any questions should be directed to the Plan Administrator as listed in your SPD.

Medicare Part D

Your Employer may provide a Medicare Part D disclosure notice to all Part D eligible individuals who are covered under (or apply for) an employer's prescription drug coverage, regardless of whether the coverage is primary or secondary to Medicare Part D. This includes, for example, Medicare beneficiaries who are:

- Active employees, disabled, retired, or receiving health plan continuation coverage under the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA)
- Covered as spouses or dependents (including spouses or dependents that may be disabled or receiving COBRA) under active employee or retiree coverage.

Individuals who are not covered under creditable prescription drug coverage and who decide not to enroll before the end of their initial enrollment period for Part D may pay a higher premium on a permanent basis if they later enroll in a Part D drug plan. A Part D eligible individual is one who:

- Is entitled to Medicare Part A or enrolled in Medicare Part B, or both; and
- Resides in the service area of a prescription drug plan or MA-PD

Please contact the Human Resources Staff when you meet the Medicare Part D eligibility requirements.
